IntegraDerm™
the foundation for beautiful skin

About our products....

IntegraLife Spa is owned by Cindy Rager, who also owns IntegraDerm, a manufacturing and product development company for skin care and makeup products under private label brands for medical and esthetic companies. Our company-owned brands IntegraDerm, Nurture, Minerale Makeup, Wine for the Skin, and Green Tea are used exclusively in the spa for treatment and sold for at-home care products.

The concept of the IntegraDerm product line and protocols was developed by Cindy Rager, to meet patient needs while working as a medical esthetician. A development team of biochemists have joined with Cindy and, through her research and educational background in medical sciences, helped create the products and develop the systems. Our product development concept uses natural and organic ingredients, green manufacturing, and safe preservation systems with renewable sources. IntegraDerm brands are truly result-oriented skin care and makeup that is healthy for you.
